

BOYS MEET FIRST TIME IN HOSPITAL

Ruskin Bunnell, Son of the Rev. and
Mrs. C. J. Bunnell, and Tom
Saunders Are Both Wounded

BEING TREATED IN SAME WARD

Bunnells Tells of Accidentally Being
Shot While Cleaning Rifle, in
Letter Received Today

MENTIONS OTHER LOCAL BOY

Has Wound in Arm Probably Sus-
tained in Action; First News of
Saunders in Six Weeks

After seeing active service in the
same regiment of the marine corps
for months in France, Ruskin Bun-
nell, son of the Rev. and Mrs. C. J.
Bunnell, and Tom Saunders of this
city finally met, but not until each
had been sent to the hospital suffer-
ing with wounds.

This was the information contain-
ed in a letter received today by Bun-
nell's father, who is pastor of the
First Baptist church, and was the
first news relatives here had that
Saunders was wounded.

Young Bunnell was wounded in
the left hand by the accidental dis-
charge of his rifle while cleaning it
and Young Saunders is suffering
with a slight wound in his arm. The
names of either one of the boys has
never been in the casualty lists.

Mrs. John McCoy, with whom
Saunders lived while here, today
when informed of the news sent by
Bunnell, declared she suspected that
something had happened to her
adopted son—that he had either
been wounded or moved to another
front because no word had been
received from him for six weeks.
Saunders is both adopted son and
nephew of Mr. and Mrs. McCoy.

These two boys—Saunders serv-
ing in the 74th company of the
Sixth regiment and Bunnell in the
96th company—were with the divi-
sion of Marines who stopped the
Blums at Chateau Thierry and are
now being given the credit for sav-
ing Paris. The heaviest fighting
which they saw was about the first
of June.

The letter was written by Young
Bunnell June 26. It says he suffer-
ed the wound the fifteenth day in the
front line trenches, a rifle ball pass-
ing through his left hand. He ex-
plained to his parents that he had
been placed in charge of a machine
gun squad, which accounted for his
rifle not being clean. When relieved
of this duty, he found that his gun
had not been properly cared for
while he was engaged in other work,
and began to clean it.

He barely mentions the fact that
Bernard Saunders, which is Tom
Saunders' middle name, of whom he
had heard while in Rushville before
leaving for France, was in the same
ward in the hospital suffering with a
wound in the arm.

Shortly before hearing that her
adopted son had been wounded, Mrs.
McCoy received news that Willard
Hensley, formerly of Morristown,
who was killed in action several
weeks ago, had seen Saunders one
day while on the march in France.
The letter was written by Hensley
several weeks ago and just received
today by Miss Eva Talbert of near
Morristown.

Hensley wrote that he was march-
ing along the road in France which
ran beside a railroad, and that when
a train load of troops passed,
someone called him by his first name
and greeted him. He looked up and
recognized Saunders at once. The
letter stated where the troop train
was bound for, but this fact had
been deleted by the censor.

WATER & LIGHT BILLS DUE

Consumers Must Pay up by July 20
or Suffer Penalty

City water and light bills for the
quarter ending July 1 were due the
tenth of this month, but it has been
the policy to allow consumers until
the twentieth of the month before
any drastic steps are taken. Elec-
tric consumers generally pay, but
frequently water consumers are delin-
quent and the city has to enforce
the penalty as required by the
ruling of the state public service
commission. If bills are not paid by
July 20, service will be discontinued
and it will cost \$1 to have it re-
stored.

AUTOMOBILE ACCIDENT INJURIES PROVE FATAL

Funeral of Otis Herron, Who Was
Hurt South of Rushville Mon-
day Night, Is Conducted

WIDOW AND ONE SON SURVIVE

The funeral services of Otis Her-
ron, age thirty-seven years, who
was fatally injured in an automobile
accident a short distance south of
Rushville last Monday evening, were
held at the late residence in Milroy
this morning at ten o'clock and
burial took place in the Milroy cem-
etery.

Mr. Herron, who owned a garage
in Indianapolis, was returning from
Indianapolis when the accident oc-
curred. His machine left the road
on a curve near the W. O. Frazee
farm, struck a telephone pole and
was demolished. Mr. Herron was
rendered unconscious, but he was
not then thought to be fatally in-
jured. He grew gradually worse,
however, until death resulted Thurs-
day.

Mr. Herron is survived by his
mother, who lived in Shelby county;
the widow, who was formerly Miss
Roxie Cameron, daughter of Mr. and
Mrs. Fred Cameron of south of the
city, and one son, Gladstone, two
years of age. Mr. Herron had been
in the garage business only about
four months, having been a black-
smith previously. In late years he
had lived for short periods of time
in Connersville, Indianapolis and
Greenfield.

UNITED STATES HAS 331,000 MEN ON LINE

General March Tells Senate Com-
mittee Today Troops in France
Now Number 1,100,000

ALL AVAILABLE FOR FIGHTING

(By United Press.)

Washington, July 13.—United
States troops in France now num-
ber 1,100,000, General March told
the senate military committee today.
Of these 331,000 are in the fighting
line and the others, General March,
said have reached a stage of train-
ing which would make them avail-
able in an extreme emergency.

More than 250 American airplanes
have been shipped to France up to
July.

Three American army corps of
from 225,000 to 250,000 men each
have been organized in France.

The first corps is composed of
two regular divisions and four na-
tional guard divisions. The second
corps consists of two national army,
one regular army and three national
guard divisions. The third corps is
made up of two regular army, two
national army and two national
guard divisions.

Frank Wilson, who underwent an
operation for appendicitis at the
Dr. Sexton hospital July 4, will be
removed to his home this evening.

ASSEMBLY GAINS BECAUSE OF WAR

Chautauqua Will be of Immense
Value This Year Because of In-
formation it Will Bring

INTEGRAL PART OF DEFENSE

No One Better Qualified to Speak
Regarding Conditions in France
Than Dr. Peirce

That the work of the Rush county
the Chautauqua executive committee
lost in importance on account of the
war, is the belief of the members of
the Chautauqua executive committee
who are gratified with the unusual
interest in the meetings which is
being manifested this year.

The 1918 program of the annual
event will doubtless be a great help
to the county, especially since the
program is one in which war fea-
tures are predominant and because
there is not a family in the county
but that is vitally interested in the
struggle and its outcome. Because
of the great importance with which
Chautauquas are being regarded
generally, Rush county people
should deem it their patriotic duty
to support the patriotic institution
which is an integral part of the
county's defense, it is declared.

One of the most recently obtain-
ed war speakers on the program is
Dr. Peirce, who for a number of
years has been president of Ken-
yon college at Gambier, O., and who
was one of a party of prominent
speakers to go to Europe in March,
1913 to study the conditions at the
allied battlefront.

After an extensive inspection
trip along the battle line in France
and Belgium, Dr. Peirce was invited
to take charge of a "Rolling Can-
teen," an absolutely unprecedented
concession. His experience during
the five weeks he continued at this
work with the French army at the
front line trenches were remarkable,
and his opportunities for observa-
tion were greater, perhaps, than
have been given any other civilian
since the beginning of the war.

Dr. Peirce has always been a
speaker of unusual ability, and he
is now particularly well qualified to
describe the wonderful work of the
American Red-Cross in Allied coun-
tries. The Chautauqua is certainly
fortunate in securing Dr. Peirce for
a lecture on the afternoon of August
the seventh, the committee believes.

One of the most recently obtained
musical entertainments is the Eiler-
Willoughby orchestra which was or-
ganized at the Lyceum Arts Conser-
vatory, Chicago, and was thorough-
ly coached by Elias Day, the direc-
tor of the school, and Max Fischel,
the eminent violin teacher. From
the first engagement, the company
has been a pronounced success.
Their program is exceptionally well
selected and contains sufficient var-
iety to fulfill all requirements

DOES NOT INTEND TO KEEP BELGIUM

Chancellor Von Hertling Says Ger-
many Wills That She Shall
Not be Vassal State

Copenhagen, July 13.—Chancellor
Von Hertling in his speech before
the reichstag, declared that Ger-
many does not intend to keep Bel-
gium after the war, but "wills that
she shall not be subject to any
body as a vassal," according to an
official statement issued today.

The chancellor reiterated that
Germany is fighting a defensive war
and maintained all German people
demand is the right to expand
along normal lines.
"Our present possession of Bel-
gium only means that we have a
pawn for further negotiations," Von
Hertling said.

TAKES HIGH RANK IN THE DISTRICT

Rush County Among Leaders in
Sixth District on War Savings
Stamps Subscriptions

OVERSUBSCRIPTION LIKELY

This Group of Counties is \$300,000
Over Allotment And is Expect-
ed to Reach \$500,000

One of the most remarkable evi-
dences of good organization and
hard work during the recent War
Savings stamp campaign is contain-
ed in the monthly state report which
shows that every county in the
sixth district brought in an over-
subscription, with Rush county
ranking high in the list.

The district oversubscription as
tabulated from the monthly report
indicates some over \$300,000, which
will doubtless be brought to the
\$500,000 mark when the complete
subscriptions are tallied and sent in
to the state headquarters.

Although the fact that Rush coun-
ty is over its quota of \$386,000 is
all the knowledge the state head-
quarters has yet received, due to
the slowness with which the reports
from the out townships are making
their appearance, the confidence
with which A. B. Ayers regarded
the situation here has resulted in
the county of Rush being placed
among the first names on the state
honor roll which contains the names
of the counties completing their
drives successfully.

The sixth is the only district in
the state which, according to the
state report, is "over the top" as a
district, because of the work of the
district chairman A. B. Ayers, who
co-operated in every manner with
the county chairmen, this glorious
record was made possible.

County officials who have viewed
the complete reports of the other
counties in the district, stated today
that Rush county will in all proba-
bility lead the district in the per cent
of oversubscriptions when the total
reports from the various postoffices
and other sources through the coun-
ty, are available.

LIMITED SERVICE MEN WANTED ON 3 CALLS

May be Listed for Voluntary Induc-
tion in Spruce Division up to
June 23

DEFERRED CLASS MEN MAY GO

Three calls under which limited
service registrants may be volun-
tarily inducted, were received by the
county army selection board today.
The men are wanted for saw filers
and will be entrained July 29 for
Vancouver, Washington, where they
will be employed to produce spruce
for airplanes.

The voluntary enlistment closes
the evening of July 23, and if the
state quotas on the three calls are
not filled by that time, the balance
of the men needed will be drafted.
Only white men held for limited ser-
vice are wanted, but volunteers from
2, 3 or 4 may be listed for induction.
No class one men qualified for gen-
eral military service should be in-
ducted, the board is instructed.

The state quota is 35 crabs cut
saw filers, 18 band saw filers and 24
circular saw filers.

VON PAYER MAY RESIGN

(By United Press.)

Amsterdam, July 13.—Confirma-
tion was received here today that
Vice Chancellor Von Payer has filed
his resignation to be effective in
the event that Admiral Von Hintze,
the new foreign minister, attempts
to follow the war aims and war pol-
icies of the Pan-Americans.

ASKS DIVORCE AND ALIMONY

Carrie Younger Also Wants Custody
and Child and Support Money

Alleging that her husband has
abandoned her and her daughter,
Ruth, age nine, Carrie Younger of
this city has filed suit in the circuit
court for a divorce from Charles
Younger, \$1,000 alimony, custody of
the child and \$10 a week for her
support. They were married March
15, 1899, according to the complaint,
and separated in May, 1915. Mrs.
Younger says her husband wholly
abandoned her in May, 1915 and has
not contributed anything to the sup-
port of his family since.

ALLEGED SOLDIER TELLS MANY TALES

Jack D. Tate, Alias Doc. D. Patton
Held For Failure to Pay Fine For
Running With No License

HIS STORIES ALL CONFLICT

Jack D. Tate, alias Doc. D. Pat-
ton, an alleged soldier, is being held
in jail here for failure to pay a fine
of \$5 and costs for running an au-
tomobile without a regulation license
plate, and for an investigation of
his conduct.

He was arrested at Eighth and
Main streets by Chief of Police Ya-
key at noon and taken before Mayor
Irvin. "Tate first told the chief of
police that he was on his way from
Toledo, O., to Paducah, Ky., and
that he had been on the road four
weeks. He declared he had ap-
plied for a license, as a wooden
tag on his car said, but later admit-
ted that he had not applied because
he did not have money. Asked about
his business, Tate said he was work-
ing for the government, and pressed
for details, asserted he was trac-
ing down deserters.

When convinced he was going to
have to go to jail, he said he was a
soldier and brought forth a medical
officers uniform. The identification
tag on it was Jack D. Tate and he
then admitted that was his name.
After he was locked up, Tate showed
the chief of police a railroad
ticket from Camp Perry, O., to Cin-
cinnati, issued July 11, which fur-
ther mixed up his stories. A woman,
he said was his wife accompan-
ied him.

J. K. GOWDY LEAVES ESTATE TO WIDOW

Only Exception is Bequest of \$1,000
to His Only Daughter, Mrs.
Fanny A. Mansfield

WRITTEN IN PARIS IN 1902

The will of the late John K.
Gowdy, which was written in Paris,
France, April 28, 1902, while he was
acting as United States consul gen-
eral to Paris, has been admitted to
probate in the circuit court here. All
of the personal property and real
estate, with the exception of \$1,000
bequeathed to his only child, Mrs.
Fanny A. Gowdy Mansfield, is left
to the widow, Mrs. Eve E. Gowdy,
who is named executor in the will.
There is nothing in the will to in-
dicate the value of the estate.

The will was witnessed by George
E. Light, 50 Rue La Bruvère, Paris,
France, and Paul F. Paquet, 36 De-
cenis Ole L. Opera, Paris, France
and New York City. John S. Aber-
crombie of this city, who was sec-
retary to Mr. Gowdy while he was
consul general, makes affidavit that
he is acquainted with the two wit-
nesses and that the signature to
the will is that of the late Mr. Go-
wdy. Mrs. Mansfield makes similar
affidavits.

Miss Margaret Mahin spent the
day in Indianapolis, visiting friends.

FRENCH PRESS ON IN ALBANIAN DRIVE

Italians Slacken Their Progress to
Allow Army of Her Ally to
Catch Up With Advance

STILL QUIET ON WEST FRONT

British Capture 96 Prisoners and
French Advance Fourth of Mile
in Local Raids

(By United Press.)

London, July 13.—The British
government is sending forces into
the Murman region as the result of
an appeal from the Murman local
government, it was learned today.

Washington, July 13.—Rumors
were circulated here today that
Field Marshal Von Hindenburg was
dead. As his death has been re-
peatedly reported in recent weeks,
officials here were inclined to be
skeptical in the latest reports.

Amsterdam, July 13.—Five Bel-
gium peasants were killed and 15
injured by German soldiers during a
riot in the city of Brussels Wednes-
day, it was learned today. The
trouble resulted from German offi-
cers requisitioning vegetables.

With the American army in
France, July 13.—Exhaustion of
their gasoline supply and heavy wind
are believed to have forced the Am-
erican bombing planes which failed
to return after a raid Wednesday, to
land on German territory.

Rome, July 13.—A military bul-
letin ordered the retirement of Gen-
erals Cadorna, Parro and Capello.
General Cadorna was commander-
in-chief of the Italian army last
year when the Austro-German drive
forced them back to the Piave river.

Capture 96 Prisoners

London, July 13.—A successful
minor operation by English and Aus-
tralian troops near Merris on the
Flanders front resulted in the cap-
ture of 96 prisoners and a few ma-
chine guns, Field Marshal Haig re-
ported today. The British casual-
ties were light.

Albanian Advance Continues

Rome, July 13.—"The Albanian
advance is continuing rapidly," it
was announced today.

"The enemy is making only rear
guard resistance. He has abandoned
and failed to destroy abundant war
materials which have been captured
by our forces.

"The population of Berat hailed
our troops as liberators."

French Advance 1 of Mile

Paris, July 13.—Making another
thrust, the French advanced a quar-
ter of a mile near Porte Farm, be-
tween Montdidier and the Oise, the
war office announced today.

The advance gave the French pos-
session of the heights dominating
the Avre river.

Driving on in Albania

London, July 13.—French forces
in Albania are now driving north-
ward with apparently the same speed
that characterized the Italian ad-
vance in the first days of the offen-
sive.

Latest reports from the front in-
dicate that the Italians have slack-
ened their progress to permit the
French on their right to bring their
line forward and maintain a straight
front from the Okhrida to the Adri-
atic.

ADOPTS BIG WAR LOAN

(By United Press.)

Copenhagen, July 13.—The main
committee of the reichstag adopted
the new war loan of \$15,000,000,
000 marks, according to dispatches
received here today. The independ-
ent socialists and Polish members
did not vote.

A Good Furnace at a Low Cost

HERE is a furnace which meets the requirements of those who do not care to buy a big, expensive furnace, yet who insist upon better furnace value that can be had by the purchase of a furnace of the ordinary type.

The Williamson 400 Series Furnace while sold at a price within the reach of most everyone, is in no way a cheap furnace.

In its construction are embodied nearly all of the features which will be found in the most expensive furnaces.

It is carefully built by a factory which has been building nothing but furnaces for many years and whose product is dependable.

It will give many years of excellent service and, not only is it low first in cost but it is also very economical to operate.

It will be well worth your while to investigate this low cost furnace. Come in, we will explain its advantages.

JAMES FOLEY

RUSH COUNTY IS LOSER AS USUAL

Pays State \$19,988.69 in Settlement of School Funds and Receives Only \$10,963.09

LOSS AMOUNTS TO \$9,025.60

Distribution on Per Capita Basis Determined by Number of Children Made in County

As is always the case, Rush county school funds suffer in the semi-annual settlement with the state. The county sent to the state \$19,988.69, representing the common school revenue derived from taxes here, and in return received in the June settlement \$10,963.09, creating a deficiency of \$9,025.60.

The distribution both by the state and by the county among the townships is based, on the number of children of school age shown by the enumeration. In making the distribution the per capita of \$2.56461 is arrived at by dividing the number of children into the total of congressional interest and common school revenue to be divided.

The distribution among the townships was as follows:

Anderson
Number of children, 293; congressional interest, \$91.18; common school revenue, \$660.26; total, \$751.44.

Center
Number of children, 253; congressional interest, \$33.19; common school revenue, \$615.66; total, \$648.85.

Jackson
Number of children, 143; congressional interest, \$20.39; common school revenue, \$346.36; total, \$366.75.

Noble
Number of children, 230; congressional interest, \$48.37; common school revenue, \$541.50; total, \$589.87.

Orange
Number of children, 266; congressional interest, \$42.45; common school revenue, \$639.73; total, \$682.18.

Posey
Number of children, 347; congressional interest, \$58.47; common school revenue, \$831.44; total, \$889.91.

Richland
Number of children, 191; congressional interest, \$73.89; common school revenue, \$415.95; total, \$489.84.

Ripley
Number of children, 241; congressional interest, \$26.17; common school revenue, \$591.90; total, \$618.07.

Rushville
Number of children, 365; congressional interest, \$49.00; common school revenue, \$863.91; total, \$912.91.

Union
Number of children, 226; congressional interest, \$43.11; common school revenue, \$536.49; total, \$579.60.

Walker
Number of children, 301; congressional interest, \$37.43; common school fund, \$734.51; total, \$771.94.

Washington
Number of children, 226; congressional interest, \$62.16; common school revenue, \$552.57; total, \$614.73.

Carthage
Number of children, 221; congressional interest, \$21.88; common school revenue, \$544.89; total, \$566.77.

Rushville City
Number of children, 1,253; congressional interest, \$95.54; common school revenue, \$3,117.92; total, \$3,213.46.

ISSUES FIRST AUGUST CALL

Crowder Expects to Order 300,000 Men into Training Next Month

(By United Press.)

Washington, July 13.—Provost Marshal General Crowder today issued the first of the August draft call, summoning 32,000 men for special technical training to start for schools between August 1 and August 25.

It is contemplated to call approximately 300,000 men during August, indicated.

HOG PRICES CONTINUE UPWARD TREND TODAY

Mount Again in Indianapolis After Similar Gain Yesterday. With Receipts 3,000 Less

GRAIN MARKET IS EASIER

Hog prices continued to mount in Indianapolis today, advancing 25 cents on top of a similar advance yesterday, with receipts 3,000 less than yesterday. The grain market was easier with prices declining slightly.

Wheat 2.08

Timothy 4.00

MUCH OF THE WHEAT BEING GRADED NO. 1

Remarkable Feature of This Year's Crop is Its Excellent Quality—

Moisture Decreases

RECORD ON VERN DOLAN FARM

That the unusually large per cent of the wheat which is being brought to local elevators is grading No. 1 was declared today by Rushville grain dealers to be the most remarkable feature of a wheat crop in many years.

The wheat in order to measure up to the No. 1 standard, must test 60 pounds to the bushel and contain not more than 13 per cent moisture. The latter requirement which caused some trouble during the first days of the threshing season, has improved lately and the wheat which was tested yesterday and today at the elevators showed a decided fall in moisture.

What is thought to be the best of the No. 1 wheat yet reported in the county was threshed in the forty acre field of wheat owned by Vern Dolan of Falmouth. The record was set for quality when the wheat graded sixty-three and sixty-four pounds, with an average of twenty-eight and one-fourth bushels to an acre. The forty acres produced 1135 bushels.

The wheat in Washington and Center townships is ranking especially high, much of which is grading sixty-one and sixty-two pounds.

EXPECT GOOD CROPS DESPITE LATE FROST

Corn Is Injured But Farmers Expect Good Yield of Soy Beans in Its Stead

OATS AND WHEAT EXCELLENT

Indianapolis, Ind., July 13.—Prospects for record breaking crops in Indiana are still good, despite the frost which seriously damaged corn and other plants in the northern part of the state, according to reports in the hands of the United States agricultural experts here today.

The oats and wheat harvesting has progressed well, according to the reports, the tail end of the season now being ended in the southern part of the state. Reports from fields where the threshing has been completed, show an exceptionally heavy yield of wheat.

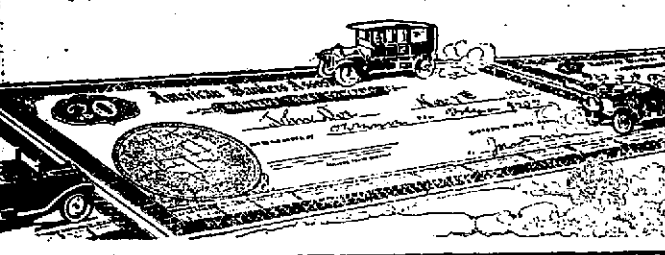

That most farmers, who are looking forward to a good crop of soy beans, are not discouraged by the frost, is also indicated by reports from the north.

It is estimated that the soy bean crop in Indiana will be about 100,000 acres, and that the yield will be about 20 bushels to the acre.

"A. B. A." Cheques level the way for the traveler

These Cheques are particularly convenient for the motor tourist. Since they are accepted like cash by hotels, auto supply dealers, merchants and railroad companies, in payment of bills and services, the owner does not have to wait until banking hours before using them. The only identification needed is the countersignature of the owner in the presence of the person accepting the Cheques.

THE DOWAGIAC

Combined Grain and Fertilizer Drill

The superiority of the Little DOWAGIAC over all other one-horse drills can easily be proven. It trails so perfectly that when the horse is driven midway between the corn rows the driver need not touch the handles and at the ends of rows the drill follows the horse in making the short turn. The discs are adjustable for different widths of corn rows. Each disc has independent up and down motion with spring pressure—the only way for uniform depth on uneven ground.

Don't select your drill until you see the DOWAGIAC

CONTROVERSY OVER THE RUSSIAN POLICY

Senator Poindexter Declares Mistake Would be Made in Sending Men to Russia

CALLS BOLSHEVIKI TRAITORS

(By United Press.)

Washington, July 13.—A controversy over the administration Russian policy broke out today in the senate. Senator Poindexter, Washington, declared the administration would make a serious mistake if it diverted man power and resources to Russia to be used by the Bolsheviki government.

"Neither men nor material sent to the Bolsheviki will ever be used against Germany," he said.

Poindexter sharply criticized Raymond Robbins, who recently returned from Red Cross work in Russia. He and his associates, Poindexter charged, "would have the United States turn its back on principals of fair dealings with the allies and would have us send men and supplies to the traitors, Lenin and Trotsky and their followers, who are worse than Benedict Arnold."

MORRISTOWN DOCTOR IS GIVEN CAPTAINCY

Dr. V. C. Patton is Commissioned Two Weeks After Volunteering And Expects Call Soon

IN PRACTICE ABOUT 15 YEARS

Dr. V. C. Patton of Morristown, one of the best known physicians in this vicinity, has been commissioned in the medical corps of the army with the rank of captain and is awaiting a call to camp.

Dr. Patton enlisted two weeks ago and yesterday was notified of his commission. He has practiced medicine in Morristown for more than fifteen years and has taken a prominent part in the state medical activities during that time. Although the exact time of his departure for camp has not been learned, Dr. Patton expects to leave within the next few weeks because of the great demand which is being made for physicians at this time, needed for work both in American cantonments and hospitals in the allied countries.

relatives here.

—Wallace Payne will leave tomorrow for a two months training course at Ft. Sherman, Ill., before resuming his studies at DePauw university in the fall.

—Mr. and Mrs. Frank Capp, Mrs. John Carr, Mr. and Mrs. Albert Capp and Mr. and Mrs. Walter Capp have returned from Latonia where they attended the races.

—Mrs. George Boxley and daughters, Mrs. Claire Thomas and Miss Ione Boxley of Chicago, visited in this city this morning for a short time enroute to Cincinnati.

—Miss Edith Hogsett, who is attending summer school at Indiana university, is spending the week-end with her parents, Mr. and Mrs. J. P. Hogsett in North Sexton street.

—Sergeant Earnest Marlatt has returned to Camp Taylor, Louisville, after spending a five days furlough in this city as the guest of his mother, Mrs. A. N. Marlatt and other relatives.

—Mr. and Mrs. Wilbur Farrel and Mr. and Mrs. John Hendricks of Louisville, Ky., motored to this city yesterday and visited Mr. and Mrs. Fred Miller. They left last night for Indianapolis to spend the week-end.

—Miss Mildred Oneal, who is attending normal college at Danville, Ind., is spending the week-end with relatives here. She was accompanied home by her mother, Mrs. Sherman Oneal, who spent the week visiting there.

—The Misses Cora and Anna Clark and Alice Winship of Indianapolis, and Mr. and Mrs. C. E. Stonecipher, of Richmond came today to spend the week-end with Mr. and Mrs. Morris Winship and family, in East Fifth street.

RUSHVILLE MEN ON BETHANY PROGRAM

Rev. L. E. Brown, Walter Frazee and Sen. James E. Watson Will Address Meeting

ASSEMBLY TO OPEN JULY 26

Rush County Attendance of Christian Church Representatives Will be Larger This Year

Rushville men, prominent in the activities of the Christian church here, will appear on the program to be given in connection with the thirty-sixth annual session of the Bethany assembly to be held in Brooklyn, Ind., from July 26 to August 18.

The Rev. L. E. Brown, pastor of the Main Street Christian church, will appear on the program as the feature of the afternoon program Friday, August 9. The Rev. Mr. Brown who is a public speaker of note, will address the assembly on "The Flag We Float."

Walter Frazee, superintendent of

the Sunday school activities here and formerly connected with the same work in Kentucky, will appear on the program on August 11 which has been set aside as Kentucky Day. On this day the program which is one of the biggest day of the Assembly will be given almost entirely by church workers in Kentucky, especially in the mountain districts.

Senator James E. Watson will deliver a patriotic address on Thursday evening August 8. On this evening the entire time will be devoted to the lecture by Mr. Watson with

nothing preceding the address except a musical prelude.

The attendance from this city for the assembly is expected to be unusually large this year as it has come to be regarded in numerous cases as a summer outing. The aim of the conference is to bring the representatives of the young people together, to awake a renewed interest in the work of young people, to inspire definite forms of Christian service; to develop leadership; to aid young people in their vocational and life work choices; and to promote a consecration of self in service in the home.

note a consecration of self in service in the home.

Alul Wallace will be removed from the Sexton hospital to his home southwest of the city this evening. He was operated on for appendicitis a week ago today.

Will Dill has advertised for teamsters to work at East Hill cemetery, where he will begin grading Monday on some of the driveways and other parts of the new section of the cemetery.

Cream Separators

The ANKER HOLT CREAM SEPARATOR is the only cream separator on the market or has ever been made that has a SELF-BALANCING BOWL. The Self-Balancing Bowl on the ANKER HOLT is patented and no other manufacturer can use the same. FOLLOW THE FLAG TO FRANCE WITH "PERSHING'S CRUSADERS"

LOOKED LIKE A SHADOW

And Was Weak And Nervous.
Says Cardui Restored Her
Health.

Leavenworth, Ind.—Mrs. Hattie Curtis, of this place, writes: "Before the birth of my first child I was nervous and weakly, had been from the time of my marriage. I was so frail, I looked like a shadow, my skin was sallow, I didn't weigh but one hundred and nine pounds. All were uneasy about me and thought I would get down in bed."

I had heard what a wonderful help Cardui was to weak women and decided to try it. I took Cardui four months regular. I felt like a different woman. When my baby came I had a right hard time, but my strength seemed there to stay, for I was strong and healthy and have been ever since.

I now weigh 167 lbs., and people who knew me when I was so weakly often speak of it. And often people do not recognize me, I look so well."

Back of Cardui, the woman's tonic, stands the experience of thousands of people—women, who have been benefited by it; physicians, who have prescribed it in their practice, with good results.

If you suffer, as most women do at times, from female ailments, is not such a medicine worthy of a trial?

**Insists That Frail,
Nervous Women Can
Speedily Become
Strong and Vigorous**

**A Vigorous Healthy Body,
Sparkling Eyes and Health-
Colored Cheeks Come in Two
Weeks, Says Discoverer of
Bio-feren.**

**World's Grandest Health
Builder Costs Nothing
Unless It Gives to
Women the Buoyant
Health They Long for.**

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren. If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any drugist anywhere. Take two tablets after each meal and one at bedtime—seven a day for seven days—the one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started, your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lactin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powd. Gentian; Phenolphthalein; Oleoresin Capsicum; Kolo.

More than One Way to Save Wheat

There is more than one way to save wheat. The one means which has been emphasized mostly of late is by using substitutes for wheat flour. But there is another way which is equally important—that is for every farmer hauling wheat to market to make certain that none will be lost from his wagonbed.

Many comments have been made by people traveling over the county, many of them farmers, about the bushels upon bushels of wheat that have been wasted because precautions were not taken to prevent loss in hauling it to the elevator.

This is no time for any extended remarks about the value of wheat. The person is ignorant indeed who does not appreciate the seriousness of the situation as respects wheat and the importance of the position of the United States in having to feed a large part of the people of the world. The loss of a bushel of wheat enroute to market is just as great an offense as is that of the housewife who pays no attention to the food administration rules regarding the saving of wheat. Though there were no occasion for using special precautions to prevent the loss of wheat, it is poor business to spill several bushels of wheat along the road, especially when it is bringing approximately \$2.10 a bushel.

Fake Stock Selling

From time to time the need of a "blue sky" law in Indiana has been emphasized, but its importance was never so much realized as now when every cent of surplus money available is needed by the government in the prosecution of the war. Though the demands upon the people to buy government securities are heavy and the time not propitious to invest money in stocks of doubtful value, it seems that all kinds of organizations are being started and their stock being offered to the people, backed up by alluring statements and promises of rich returns.

One evil which has grown out of this apparently great increase in the stock-selling business, has been the effort of salesmen to take in return for their stock, Liberty bonds and War Savings Stamps from patriotic investors. Indiana banks have been enlisted by the Indiana State Coun-

Barrage

Hear, Ye Huns

By CHARLES B. DRISCOLL

Ye are a people accursed,
Abhorred and dishonored of men
In the forum of Civilization
Ye can never be comrades again.

With the murderous Turk ye may
traffic,
Ye may walk with a cannibal clan,
But the blood on your fingers will
bar ye
From the councils of civilized
man.

Yea, the blood of the babies you've
murdered,
Of the women you've ruthlessly
slain,
Is a mark upon Germans forever,
The badge of the legion of Cain.

May the curses of millions of moth-
ers.
On all of your acres alight;
May the wailing of orphans be ever
On all of your cities a blight!

May the souls of your rulers be ex-
iled
To the uttermost confines of hell,
Where, shunned by the damned and
the devils,
They may endlessly, friendlessly
dwell!

LOCAL BOYS TAKE PART IN ENTERTAINMENTS

Sergeant Telles LaLonde and Robert
Klinke Participate in Events
at Camp Shelby, Miss.

LATTER WINS BOXING BOUT

The Rush county military units in Camp Shelby, Miss., have shown unusual versatility in the camp entertainments which have been the feature in the social side of camp life this summer. The acts which in the form of a circus are given in the parade grounds of the camp include wire walkers, fire eaters, wrestling matches, boxing bouts and other acts of interest to soldiers.

Sergeant Telles LaLonde, a local man who is a member of the headquarters company of the 139th field artillery, is an expert tight rope performer, having formerly been engaged in such "stunts" with a company and, his "wire act" was one of the features of the evening's program. A boxing bout in which Robert Klinke, another Rush county boy, participated brought down the house and resulted in a decision in favor of Klinke.

oil of Defense in an effort to put an end to the sale of "blue sky" stock and "wild cat" securities in exchange for government securities.

The state council is preparing a poster for distribution among the banks which in a forceful manner directs attention to the value and security of the government paper and cautions the thousands of recent investors to hold fast to their coupons in resistance to the seductive allurements of the oil and mining stock promoter.

The council's advice to bond holders is that they retain their government securities in every case until after they have been convinced by a statement from their banker that it is to their interest to dispose of their holdings.

The Liberty loan organization in Indiana is interested in the success of the campaign to eliminate the fakirs who have been trading worthless stock to unsophisticated bond holders, by promises of returns of from 12 to 20 percent, as against the 4 1/2 yielded by Liberty bonds. They have found that many who bought bonds from a sense of patriotic duty are being defrauded, and they do not want this as an obstacle for the further distribution of bonds.

Bankers have been asked, also, by the council, to insert in their advertising, a warning to the people against trading their bonds without competent advice. Thus through the newspapers, posters and other publicity, it is hoped to control an evil which has flourished in Indiana while prohibited by state laws in surrounding states.

You may be asked soon to contribute to the Salvation Army drive. Give what you can. The Salvation Army "stands by" with hot coffee and doughnuts for the doughboys in the front line trenches.

THE McCALL PATTERN

We claim the distinction of being authority on yardage in your community. Therefore, the supreme importance of using the very best of patterns. We believe in securing the McCall, we have done exactly this thing, and that its use in the future should render our service to you more surely efficient. We again assure you that in the future as in the past you can depend upon us losing no opportunity to add to the effectiveness of our service.

Fourth Liberty Loan

4 PER CENT
LIBERTY LOAN ANTICIPATION
U. S. CERTIFICATES OF INDEBTEDNESS
DATED JUNE 25, 1918—DUE OCTOBER 24, 1918

The Banks of this country have been called upon by the Treasury Department of the U. S. Government to purchase Certificates of Indebtedness in anticipation of the Fourth Liberty Loan. This bank, believing it to be its patriotic duty to respond to this call, will take its full quota of these Certificates from time to time as the Treasury Department needs funds to finance the war. To the people of this community, who have responded so loyally in purchasing past issues of Liberty Bonds and who expect to take bonds of the Fourth Loan, and to those who may desire a short-time Government investment, we recommend the purchase of these Certificates, which we will supply in denominations of \$500, \$1,000 and upwards without profit to this bank.

We will receive for safe-keeping Liberty Loan Bonds or Certificates of Indebtedness for which service there will be no charge.

The Rush County National Bank

RUSHVILLE, INDIANA.

HOOSIERS DID NOT RESPOND IN FORCE

Over-Subscription in Recent Red Cross Drive Smaller Than Officials Expected

AUTHORITIES ARE CONCERNED

All Chapters Are Asked to Pay Into Second War Fund All Proceeds Holding no Reservation

An appeal to state chapters of the American Red Cross, issued by the Indiana advisory committee, shows that the Hoosier state in the recent campaign for \$100,000,000 did not come forward with the large over-subscription expected and which the enthusiasm of the whirlwind drive would indicate.

At the meeting of the committee of which A. F. Bentley is chairman, Indiana's status in the campaign was seriously considered. Figures were submitted showing that while the nation's over-subscription to the fund was an average of 70 per cent, the over-subscription of the Hoosier state was only 32 per cent. The Red Cross asked the United States for a minimum subscription of \$100,000,000. The latest returns show that \$170,000,000 was raised. Indiana was asked to contribute \$2,200,000. Returns to date show that the fund donated reached \$2,865,838.

A meeting of the advisory committee was attended by R. F. Grant, manager of the war fund campaign in the Lake Division. The members of the advisory committee are A. F. Bentley, chairman; J. J. Backman, Aurora; W. E. Carpenter, Brazil; William Fortune, Indianapolis; W. G. Irwin, Columbus; E. J. Lonn, LaPorte; J. J. Nolan, Evansville; W. E. Stone, Lafayette; J. A. VanOsdol, Anderson.

The appeal which has gone to all Red Cross chapters is signed by all members of the committee. Included with the appeal is a communication from H. P. Davison, head of the American Red Cross, together with the official figures from the Indiana drive, compiled by Clarence Stanley, associate war fund manager. The committee states its appeal goes out "in view of the inequalities in the financial support given by our chapters to the second Red Cross war fund."

In order to correct this inequality the appeal asks all chapters to pay into the second war fund the entire proceeds of all over-subscriptions taken in the campaign, reserving no special funds for local uses except 25 per cent. of the entire amount to be refunded by request. In all counties in which war chests exist, the committee asks the men in control "to increase their subscriptions to the second Red Cross war fund above the minimum amount asked of them in the ratio of the over-subscriptions to the war fund by the country at large. This over-subscription was 70 per cent, inasmuch as the country was asked for \$100,000,000 and responded with \$170,000,000."

Following is the communication of H. P. Davison, chairman of the War Council of the American Red Cross, to the Indiana advisory committee, which is submitted to all state chapters:

"The latest figures for the Second Red Cross war fund show subscriptions of nearly \$170,000,000. Everyone seemed to appreciate that the \$100,000,000 figure was fixed months ago before the many recent serious developments in the war situation, and the result reflects the universal desire to support our work on the most liberal basis. It seems to us that chapters, branches and auxiliaries the country over, which have shared in this wonderful response from the public, would be doing less proportionately than the rest of the country if any of them limited their contributions to the Red Cross to the amount of the original quota assigned to them.

There will be need for every dollar that can be raised, and the larger we can make the war fund the longer we will be able to put off the time when we shall have to go to the country again for support. We all appreciate the splendid spirit of the Red Cross work in the Lake division. It is an inspiration and stimulus to everyone connected with the organization and to those both here and abroad whom we serve.

Indiana Red Cross leaders were

WARNING ISSUED TO SUGAR USERS

Food Administrator Says Prosecutions Will Follow Where Proclamation Isn't Observed

STATEMENTS MUST BE FILED

Those Who Failed to do This Risk Penalty of Law Which Is 2 Years and \$5,000 Fine

A warning to the users of sugar that prosecutions will follow the use of any sugar not secured on the food administration's certificates as required by the president's proclamation of the effectiveness of the section authorizing such control, was issued today by J. E. Larger, sugar distributor for Indiana, in the office of Dr. Harry E. Barnard, federal food administrator for Indiana.

Although not required under the official regulations so to do, Mr. Larger has made a special and persistent appeal to all sugar users and confectioners, soft drinks, beverages, particularly the manufacturers of syrups, soda water and other products of a similar nature, that they file a statement of their 1917 consumption and 1918 requirements prior to June 10th. Many of them did so. Those who failed are risking the penalty of the law, which is 2 years in prison to which may be added a fine up to \$5,000. This is in accordance with sections 6 and 7 of the Lever law, and is not to be confused with the penalties the food administration has collected for the Red Cross or other war charities, for minor infractions of the food regulations, covering other staples.

Mr. Larger announces that an investigation will be made of all possible sources of sugar consumption and where violation of the regulations is ascertained—the unwarranted use of sugar or its use without purchase through the certificates—the sugar will be confiscated and the offender turned over to the federal authorities for prosecution.

surprised, in going over figures published by the national Red Cross Bulletin in the issue of June 10, to find that the state was one of the six northern states with a per capita subscription of less than \$1. Since this report, final returns bring the Indiana per capita up to \$1.01. An analysis of the subscriptions of Indiana chapters show striking differences. The official report to the advisory committee, says: "Forty-eight chapters gave the minimum only. All of the over-subscriptions of the state came from the remaining fifty-seven chapters. Of the chapters subscribing the minimum amount, twenty-two had war chests, and four received county appropriations. Twenty-two other chapters which carried on the regular Red Cross campaign have failed to report to us any subscriptions above the exact quota."

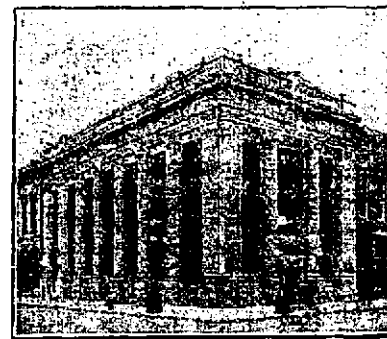

"Of the remaining fifty-seven chapters nineteen over-subscribed less than 25 per cent, with an average of 11 per cent. The remaining thirty-eight over-subscribed more than 25 per cent, with an average of 63 per cent. Thus it will be seen that fifty-seven chapters in the state are supplying the entire over-subscription."

"It should be remembered," the report adds, "that some of these chapters may not yet have furnished us their exact figures."

R. F. Grant, war fund manager of the Lake Division, had the following to say in a statement to the Indiana committee: "Red Cross quotas which have been assigned to communities represent the amount which the community is asked to give as a minimum. Surely we are not going to do only what we are asked to do in this war, but we are going to do all that we can in order to properly square ourselves with our selves. The fact that a community has raised more than its quota is evidence of its ability to do more than its quota and it should not be satisfied with anything short of its best effort. In the war chest cities the fact that they have raised such large sums of money above the amounts they originally set out to raise is evidence that their quotas to the Red Cross do not represent their real ability to give."

The recent Austrian retreat was a treat to Italy.

A SURE REMEDY FOR SOUR STOMACH AND CONSTIPATION.

A few minutes after taking Pepsinco, sour stomach is relieved. No gas, misery, or heaviness bothers. Follow a few meals with Pepsinco and a natural, normal bowel action will be the result.
Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behooves every one to watch for the sign.
Pepsinco is the best remedy for any ailment of the stomach and positively regulates the bowels without any harmful effect. Pepsinco does not act on the bowels in the manner of a cathartic. Take Pepsinco if you have any of the symptoms of poor digestion. Pepsinco carries out nature's method thru its positive digestive action. A small package gotten at any drug store will prove our assertion. Ask for Pepsinco and get it. Fully guaranteed.

The beautiful country home of Mr. and Mrs. Harry C. McCrory, south of Glenwood, was the scene of a pleasant informal affair, Wednesday night, when they entertained twenty guests, honoring Private John W. Churchill, brother of Mrs. McCrory, who is home on a furlough from Eberts Field, Little Oak, Ark., where he is in training. Flags and garlands of red, white and blue were employed to carry out the appropriate note of militarism, which was also evident in the color scheme of the refreshments served during the pleasant evening. Games and dancing entertained the guests, who included the following: Mr. and Mrs. O. E. Churchill and family of Connersville, Mrs. Roscoe Brooks and Mrs. J. W. Churchill of Rushville, Mrs. C. W. Humes and family, and the Misses Violet Vandiver, Gladys Osborne, Margaret Britt, Lona Chaney, Leora Wright and Lora Link, and Silas Churchill, Dempsey Chaney, Albert McMahon, Norman Schmieder, Wilbur Laughlin and Private John Churchill.

At the regular meeting of the Rebekah lodge last night in the Odd Fellows hall, officers were installed as follows: Mrs. Henry Gregg, noble grand; Mrs. Ed Pitman, past grand; Nellie Morgan, vice grand; Mrs. Eva Offutt, chaplain; Mrs. Bertha Adams, warden; Mrs. Ben Goodin, conductor; Mrs. Edna Dagler, left support; Mrs. Arnold Orme, right support; Mrs. Josie Webb, outside guardian; Mrs. Leatha Platt, inside guardian; Prudence Pope, right support; and Fern Finley, left support. During the business session which followed the installation of officers, the members decided to attend the meeting at Arlington, the 30th of this month, when the local team will compete with other teams for a prize. The reports given by different committees on the sale of Liberty Bonds and W. S. S. stamps by the lodge, made good showings and spoke well for the patriotism of the members.

Mr. and Mrs. Ray Brown, who were recently married, entertained last night at their beautiful country home south of the city, with a prettily appointed dinner party. The rooms of the newly decorated home were attractively adorned for the occasion, and the splendid dinner was served in the dining room at six o'clock to the following guests: Mr. and Mrs. Carl Retherford and two children, Mr. and Mrs. Levi Retherford, Mr. and Mrs. J. A. Jones and Mr. and Mrs. Will Harton and their house guest, Mrs. Morrison of Anderson.

Thirteen members of the Glenwood Embroidery club and eight guests were entertained by Mrs. Ray Rever yesterday afternoon, at her beautiful country home north of Glenwood. Knitting and sewing of various kinds employed the guests during the afternoon, and at the close of the pleasant meeting, dainty refreshments in which a color scheme of pink and white was carried out, were served by the hostess.

The Royal Neighbors will have a call meeting, Monday night in the Modern Woodmen hall. The meeting has been called by the executive committee of the order for the purpose of auditing the books.

The regular meeting of the Tri Kappa sorority will be held Monday night with Miss Esther Black at her home in North Jackson street, instead of with Miss Olive Buell, as previously announced.

TO GIVE DEGREE WORK
Members of Phoenix lodge No. 62 F. & A. M., are preparing to go to Milroy next Tuesday evening when they will confer the Master Mason's degree on a class of candidates. Members with automobiles who can go are urged to notify the officers of Phoenix lodge.

EXCEPTIONAL OPPORTUNITY
For young man about 16 to 18 years old to learn linotype operating and machinist. Good trade to learn that one can work at any age. Apply at once at the Daily Republican.

Red Cross Notes

Another shipment of yarn for the Red Cross sock knitters is on the way to the local headquarters, and the officials reported today that they expected an ample supply to be on hands for distribution by the middle of next week. A slowing up of the knitting has been due to the fact that an earlier shipment of yarn was not available because of the great demand which is being made upon this product through the country.

HITCH IN PLANS TO SELL CLUB FIXTURES

By-Law Providing Members With Dues in Arrears Have No Voice in Proceedings is Uncovered

ONLY ONE QUALIFIED TO VOTE

Unlooked for developments have appeared which have slowed up the proceedings in connection with the disposal of the Social club rooms furnishings, to a considerable extent.

The fact that the constitution which was drawn up when the club was organized, contained a clause stating that any member in arrears with the payment of his dues could have no voice in the club proceedings, is at present the bone of contention.

The meeting which was called for last night in the Social club rooms resulted in the members learning that only one member of the club had kept his dues entirely paid up, the remainder owing one or two months' back dues. As the result of the by-laws of the organization it is necessary for the members to complete the payments of their dues before any definite action concerning the disposal of the club can be taken.

NINETY-ONE HOOSIER RED CROSS NURSES

Enrolled For Oversea Service During Month of June During Active Campaign

STATE QUOTA PLACED AT 85

(By United Press.)
Indianapolis, Ind., July 13.—During the month of June, Indiana procured ninety-two prospective enrollments in the nurse enrolling campaign conducted by the Red Cross, according to announcement today by Miss Anna Gladwin, acting director of the nursing of the Lake division of the Red Cross.

The quota for the state was only 85. Of the other two states in the Lake division, Ohio procured 339 enrollments with a quota of 360 and Kentucky fifty-two with a quota of fifty.

Miss Gladwin urged all nursing committees to maintain their organizations for the period of the war.

SERGT. WOOLEN IN FRANCE

Word has been received by Mr. and Mrs. W. A. Woolen of the safe arrival overseas, of their son, Sergt. Maj. Wilbur Woolen, who before embarking for France, from Camp Merritt, N. J., was stationed at Kelly Field, Texas, with Company 2, J. A. R. D.

The Investment Value of Newspaper Advertising

Problems of transportation and the high cost of selling and distributing goods at a distance, have prompted manufacturers to look for "logical markets."

"Logical markets" are places that can be served easily and economically.

For example; This community is a logical market for many manufacturers whose plants are located here or hereabouts.

The manufacturer who can send his goods into this locality easily and regularly, ought to be building a permanent investment here through advertising in the newspapers.
Newspaper advertising will create popular demand. Dealer interest and support will come, too; because the dealer knows that newspaper advertising does create a demand for him to fill.
Make this community a stronghold for your product through newspaper advertising.
You can easily establish now a good will and confidence for your product that will prove a permanent investment for the future.

will have much to do with the quality of the product. Berries should be gathered in shallow trays or baskets and not in deep vessels which allow them to be bruised and crushed. They should be uniformly ripe, sound, and as large as possible.
After the berries have been sorted carefully and washed lightly by placing in a colander and pouring water over them, instead of immersing them in water, pack as closely as possible without crushing. This can be done better by putting a few berries into the jar, pressing them gently into place, and proceeding layer by layer, than by nearly filling the jar loosely and then trying to press them down.
Fill jars full of fruit and cover with hot sirup. Boiling berry juice or other sirups can be used instead of sugar sirup. Partially seal jars. Boil (process) pints 10 minutes and quarts 12 minutes. Seal. When cold test for leaks and store in cool, dark dry place.
The use of a sugar sirup, made by boiling 3 pounds and 9 ounces of sugar to 1 gallon of water and straining, adds to the flavor of the canned berries. The use of berry juice expressed from extra berries instead of water in making the sirup will give a richer color and flavor.
—U. S. Department of Agriculture.

NOTICE TO NON-RESIDENT

The State of Indiana, Rush County. In the Rush Circuit Court in Vacation Term, 1918.
Oscar C. Bailey vs. Esther K. Bailey.
Complaint No. 1583.
Now comes the plaintiff, by A. L. Gary, attorney, and files his complaint herein, together with an affidavit that said defendant Esther K. Bailey is not a resident of the State of Indiana; that said action is for divorce, and that said non-resident is a necessary party thereto. Wherefore he is therefore hereby given said defendant, last named, that unless she do and appear on the 5th day of September, 1918, the same being the 7th day of the September term of Rush Circuit Court, to be held on the 1st Monday of September A. D. 1918, at the court house in Rushville in said County and State, and answer or demur to said complaint, the same will be heard and determined in her absence.
Witness my name and the Seal of said Court,

Telephone Your Ads---2111

This page is read eagerly by over 5,000 readers daily. It is invaluable for merchants, farmers, professional men and all progressive people.

ONE RATE

All Advertisements, except display, are charged for at the rate of one-half cent per word for each insertion. The same Ad will be placed in the Indianapolis Star and Daily Republican at the combined rate of one and one-half cent per word.

We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping.

Cards of Thanks and Obituaries are charged for at the same rate, minimum 25 cents. No charge accounts opened.

CLASSIFIED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:00 A. M. FOR PUBLICATION ON THE SAME DAY.

Lack of Phosphoric Acid Is Cause of Smaller Wheat Yields

(By Marion F. Detrick)

Many of the farmers of Rush County are experiencing difficulty in getting profitable yields of wheat. Especially of late years they find that the heads are short, the wheat ripens later than a few years ago and the quality is often bad. They are able to grow the straws but not the grain.

There are several factors which contribute to this condition but the principal cause is a lack of phosphoric acid in the soil. Phosphoric acid is a plant food and without it no plant can grow. It is a constituent of some classes of protein in the plant and manifests itself most in hastening the maturity of a crop and in making a plump grain. The grain carries a large per cent of the phosphoric acid in the plant, and is benefited more than the rest of the plant by the use of fertilizers high in phosphoric acid. However fertilizers high in this element do greatly aid the wheat plant to stand the winter. The writer has seen unfertilized strips in wheat fields that were badly winter killed when the remainder of the field of wheat was little injured by the winter.

Now why has this great demand for phosphoric acid developed when it did not exist years ago. The surface 7 inches over an acre of Rush Co. soil will contain about 5000 pounds of phosphoric acid. This is mixed with nearly 2,000,000 pounds of soil—very dilute—besides much of this phosphoric acid is not in an available form, except as it is decayed by soil acids and the action of the plant roots.

Now, as stated above the grain carries the majority of the phosphoric acid. This grain is sold or fed to animals and in the latter

case much of the phosphoric acid in the grain is carried away in the bones of the animals, so in either case the soil is the loser.

This process of selling away the phosphoric acid has been carried on for a century and the stores of available phosphoric acid is getting very low with the result that crop yields are reduced, the grain is of poor quality and the crops are slow to ripen. The only remedy for this condition is to apply some carrier of phosphoric acid.

The use of phosphoric acid, which is bought most cheaply in acid phosphate, steamed bone and basic slag will always pay good returns. Carefully conducted experiments show that in the majority of cases the increase in the clover crop following the fertilized grain crop will more than pay for the fertilizer.

Moreover each rotation shows better yields than the previous one for the phosphoric acid feeds the clover crop and the larger amount of clover adds to the nitrogen, and organic matter of the soil with the result that larger crops follow as the result of that previous application of large quantities of fertilizer.

The Ohio Experiment Station at Wooster, Ohio, is operating a 40 acre farm divided into four fields of 10 acres each. They follow a four year rotation of corn, oats, wheat and clover. One hundred tons of manure which is supposed to be the amount produced on the farm each year is applied to the ten acres for corn, at the rate of 10 tons per acre. To this is added 400 pounds of acid phosphate per acre. The wheat then is fertilized with 365 pounds of fertilizer, composed principally of acid phosphate and steamed bone meal and with a little nitrate of soda and muriate of potash. This system has resulted in a 13 year average of 35 bushels of wheat per acre.

In 1917 the ten acre field averaged 45 bushels per acre.

To restore our soils to the high state of productive means add phosphoric acid, and still more phosphoric acid. The carriers of this phosphoric acid. The carriers of this element of plant food rank in desirability, price considered in the order named—acid phosphate, steamed bone meal and basic slag.

If every acre of wheat in Rush County is fertilized this year with 250 to 300 pounds of acid phosphate or a quantity of steamed bone or basic slag, carrying an equivalent amount of phosphate acid the increase in yield will be many thousands of bushels.

The Ohio experiment Station finds in the average of a large number of tests that a ton of acid phosphate will produce 84 bushels of wheat. No where else will a dollar do its duty so quickly.

Any one who is in doubt about this method may experiment for himself by sowing 250 or 300 lbs. of acid phosphate in his wheat along one side of his field leaving a strip without fertilizer and a strip with the smaller quantities on the other side of the test. Nature will answer his question next harvest.

Utility Tractor Wouldn't Gee For "Sherm" Oneal

With Whip as Camouflage, He "Exercises" Machine and Breaks Off a Fire Plug

THE NEW PLUG WOULD NOT FIT

Friends of W. S. Oneal were having a lot of fun at his expense today after he drove a tractor into a fire plug at the corner of Perkins and Fourth street last night and broke it off, resulting in water service having to be cut off in the northeast part of the city. "Sherm" may think he can drive a team of farm horses, they said, but driving a "new-fangled" tractor was a different matter even though the driver does use lines and carries a whip as camouflage.

The utility tractor, made by the Automotive corporation, which

plans to manufacture pleasure cars here, was being "exercised" on the streets last night and Mr. Oneal was doing the driving. The tractor is operated from the vehicle being drawn, with lines. "They say" that Mr. Oneal said "gee" and pulled on the right line when he started to turn the corner. The tractor didn't "gee" but went straight ahead, breaking off the fire plug.

The water service had to be cut off in that district to prevent a waste where the plug was broken off, with the result that a larger area had to be cut off.

When Supt. Mahin and a force of men started to attach a new fire plug this morning about one o'clock, they found that it would not fit and the break in the main had to be plugged up until a new fire plug can be obtained.

With The Churches

—The "combination" Bible school and church services at the Main Street Christian church commences promptly at 9:30 and closes at 11:30. "The Rent Veil" will be the theme of the sermon. Union services at the First Baptist church at 8 p. m. when Dr. D. Ira Lambert will deliver the sermon. At the Thursday evening prayer and praise service Mrs. Edward Billings will be the leader. The presence of all is desired at all of these meetings.

—First Presbyterian church: 7 a. m., "Quiet Hour," 9:30, Bible school; 10:30, divine worship, with sermon by the pastor, and special music by the choir. Notice will be taken of Bastille Day at this service when Paul Lagrange will sing "The Marseillaise." There will be no evening service on account of the union services at the Baptist church. Prayer meeting Thursday at 8 p. m.

—St. Paul's M. E. church services for Sunday as follows: Sunday school at 9:30 a. m. in charge of the Supt. H. C. Flint; preaching service at 10:30 a. m. by the Rev. Demetrius Tillotson, D. D., of Greencastle; Epworth League at 6:30, topic, "How to Have a Good Time," special music and talks. Union services at the Baptist church at eight p. m.

—First United Presbyterian church: Combined service beginning at 10 a. m., Sunday school followed immediately by the preaching service with subject of the sermon, "Keeping Our Vineyards." In the evening at 7 o'clock the young people will meet, and at 8 the congregation will join in the union services. Congregational prayer meeting, Thursday evening at 7:30.

—Arlington Methodist: Bible school, 9:30 a. m.; preaching by the pastor at 10:30 a. m., stereopticon sermon-lecture on "Daniel the All, the World Prophet. This will be preceded by a 15-minute talk on stereopticon slides, "The American Kaiser Baby Killer."

—First Baptist church, C. J. Bunnell pastor: Sunday school, 9:30; public worship, 10:45; theme for sermon, "Paul's Testimony of Christ;" Union service Sunday evening at eight o'clock, with sermon by the Rev. D. Ira Lambert.

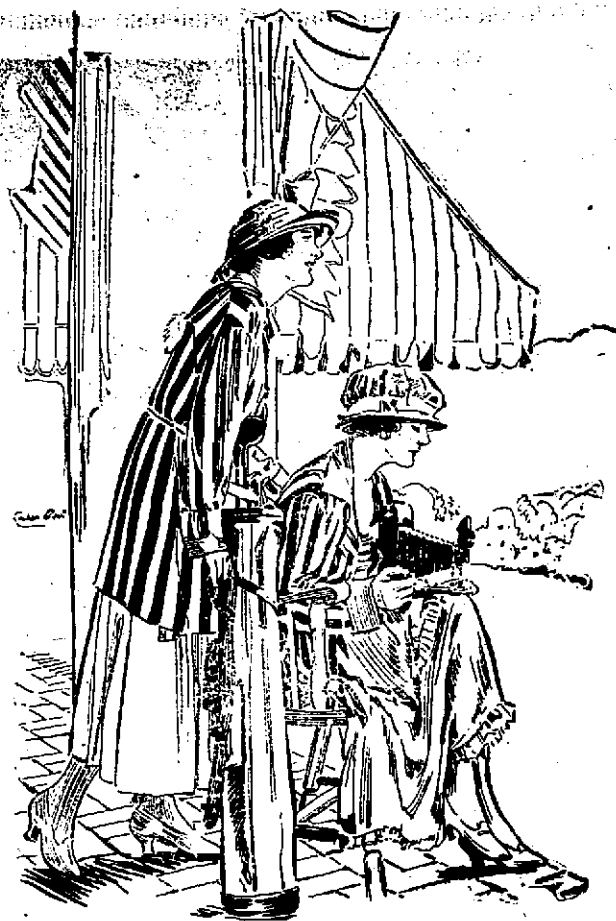

—At St. Mary's Catholic church the services will be conducted by the pastor as follows: masses at seven and nine o'clock with benediction service following the nine o'clock mass.

—Elder Walter King of Indianapolis will have charge of the services at the Primitive Baptist church in North Morgan street, on Sunday evening at 7:30.

—Franklin Methodist: Preaching by the pastor at 3 p. m. on the subject, "Who Shall Countermand Christ's Orders?"

—The services for the United Presbyterian church at Glenwood will be Sunday school at 1:30 and preaching at 2:15.

Dr. H. O. Elliott of the veterinary firm of Leavitt and Elliott, who left some time ago with the expectation of being called to the service, has found that he does not have to go immediately and has returned here to engage in the practice until he is called. He will be at the Carr garage. His partner, Dr. W. O. Leavitt, went to the army June 1.

CHANDLER SIX

Famous For Its Marvelous Motor

Chandler Dispatch Car Delights Thousands

NO other similar model of any make has won such wide public admiration as has the new Chandler Dispatch Car. You do not find in any other car of its type such swift sweeping grace of line, such dashing style, such obvious appearance of dependable service and such riding comfort.

The Chandler Dispatch is a go-get-there car—no matter where. The great chassis on which this handsome body is mounted, distinguished among all sixes for its marvelous motor, is always ready for any task. Full of life and power and instant in its response to the throttle's slightest movement it answers every demand.

Thousands this year have chosen the Chandler Dispatch for their car. The trim and appointments throughout are of fine quality. Its high hood and radiator and beautiful electric blue finish give it most striking appearance.
